About This Content

THE COMPLETE STRATEGY GUIDE FOR THE TWO WORLDS II EXPANSION PIRATES OF THE FLYING FORTRESS

The world of Antaloor is huge - and now it's even larger!

An entire Archipelago has been added for only the most daring adventurers to explore...

The official strategy guide will help you not to miss one iota of detail in this exciting world: quest lines, secrets, and of course acts of piracy! Every Antaloorian adventurer will enjoy the fully packed 128 color pages. Insightful map material, quest descriptions directly from the developer and detailed equipment descriptions with statistic values will aid your quest. The bestiary features description of enemies and their weaknesses, and there are descriptions and values of new alchemy ingredients as well. An alphabetical index is giving an excellent oversight.

Features

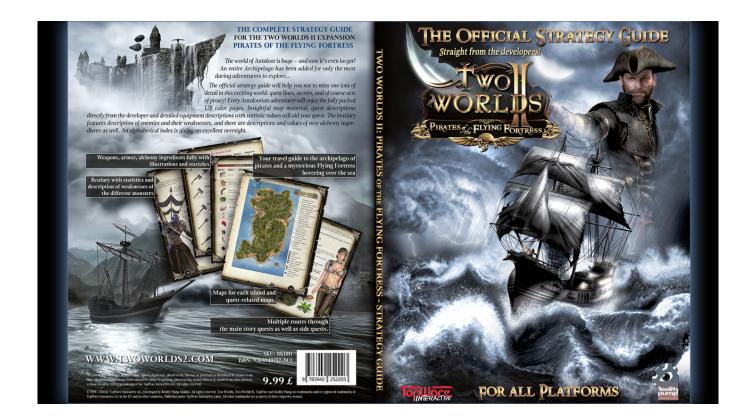

- Your travel guide to the archipelago of pirates and a mysterious Flying Fortress hovering over the sea
- Maps for each island and quest-related maps.
- Multiple routes through the main story quests as well as side quests.
- · Bestiary with statistics and description of weaknesses of the different monsters

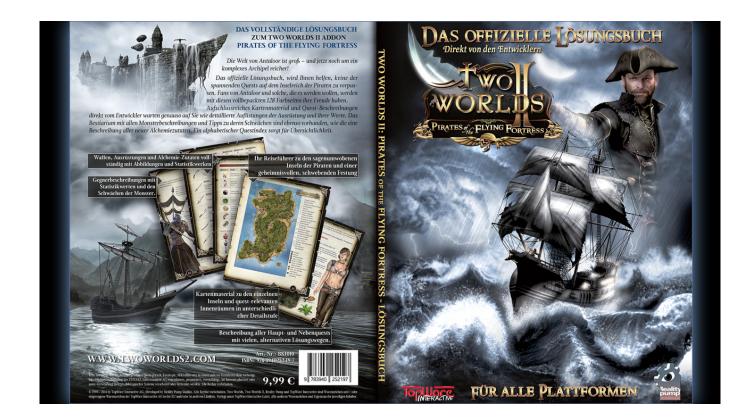

• Weapons, armor, alchemy ingredients fully with illustrations and statistics

Title: Two Worlds II - Pirates of the Flying Fortress Strategy Guide Genre: RPG Developer: Reality Pump Studios Publisher: TopWare Interactive Release Date: 22 May, 2015

7ad7b8b382

English,German

Die Legende des Kartographen [Tornar] Die Seelenvereinigung [Sauwok]		Piraten weinen nicht [Wandering Wrath]	

DLC verdict: Don't get it

Comment:

While the strategy guide for the expansion is cool to have the price they put on it is too high (I am looking at 6.99\u20ac at the time of writing). No matter how big or useful it is, especially in this day of internet guides. I could tell you to get it on sale (there were -90% sales in the past) but on GoG you get this for FREE as part of the Epic Edition. As such it seems like a cash grab here on Steam so just get it somewhere else if you want it.

If you liked this DLC review you can find more in my Review Corner.. DLC verdict: Don't get it
